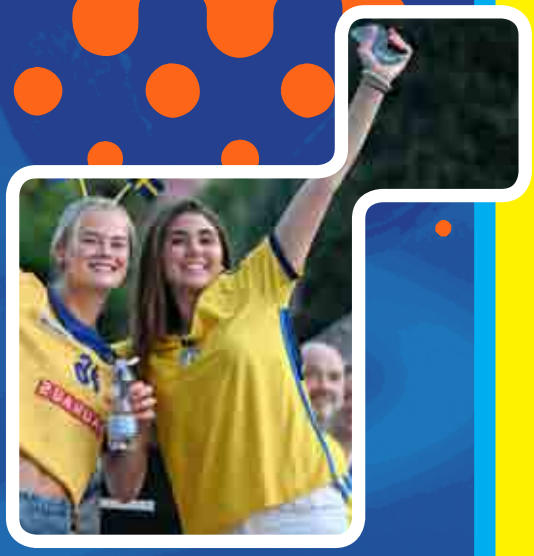
NETWORKING

The Interamnia World Cup can truly be considered "the most international handball tournament in the world", having brought together, in the city of Teramo, over the past 53 years, handball teams from 118 countries representing all five continents.



THE MOST INTERNATIONAL HANDBALL TOURNAMENT IN THE WORLD

INVITATION

The Interamnia World Cup and the Cartica Participatory Foundation, working closely with the Municipality of Teramo, the main local public authorities and major public and private partners, have developed a more efficient and up-to-date organisational framework to ensure the continuation of an event that, over the years, has earned widespread international recognition for its distinctive character and its sporting, technical and socio-cultural values.

In response to the strong interest shown by clubs from many different countries across all five continents, also confirmed by our 210 Ambassadors, the event will be further enhanced in all its aspects, with even greater attention devoted to organisation, logistics and entertainment.

We are therefore ready to welcome an even larger number of enthusiastic participants to Teramo, confident that they will feel at home in an open and welcoming city and region which, through the tournament, has long promoted original and meaningful initiatives in support of solidarity and fraternity among peoples.

Some of these initiatives will be revived and further developed, in the hope of contributing to the creation of a UNITED WORLD.

As always, our invitation to spend an entire week enjoying sport, tourism and entertainment is open to everyone, regardless of race, gender, customs or political views.

Welcome to Teramo. Welcome, world!

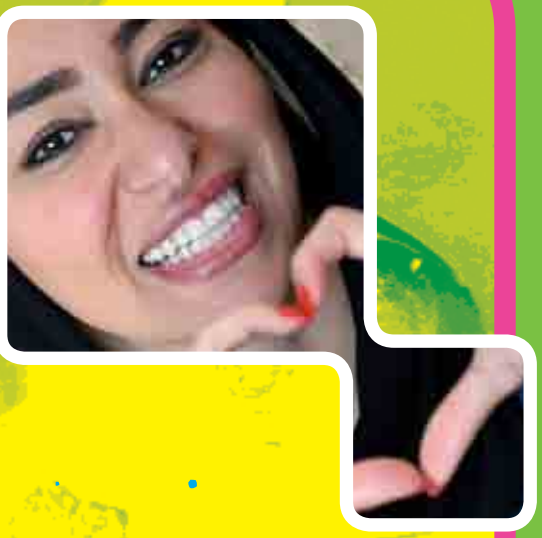
TERAMO AND ITS PROVINCE



With its unique and enviable geographical location, the city of Teramo is the ideal place to combine competitive sport with an enjoyable stay offering a wide variety of leisure and entertainment opportunities.
Located in central Italy, Teramo lies midway between the Adriatic Sea, with fifty kilometres of coastline and fine golden sandy beaches, and the highest peaks of the Apennines: the Gran Sasso mountain range, set within the largest natural park in central Italy, with its spectacular snow-capped peaks and wild, unspoilt landscapes.
Alongside the city's artistic heritage dating back to Roman and medieval times, the Teramo area also offers a thriving seaside and tourist season, particularly during the tournament, thanks to its wide range of accommodation and attractions especially appealing to young athletes: sun, sea, water parks, nightclubs, music and entertainment events.
Teramo's culinary tradition also plays a key role in the area's warm hospitality, with numerous venues and restaurants serving authentic local dishes that reflect its rich and centuries-old gastronomic heritage.
Its central location, just over 150 kilometres from Rome, makes Teramo an ideal base for excursions and provides easy access to some of Italy's most fascinating destinations and world-famous art cities, including Florence, Venice and Rome itself.

Teramo can be reached by:

- **Air: from Rome (Fiumicino Airport – 170 km); from Pescara (Abruzzo Airport – 55 km); from Ancona (Falconara Airport – 125 km)**
- **Train: Giulianova Railway Station**
- **Car: A14 Adriatic motorway; A24 Rome–L'Aquila–Teramo motorway**

SIDE EVENTS

During their stay in Teramo, participants will have the opportunity to enjoy a wide range of activities beyond the sporting competition, with a rich programme of side events and initiatives. The programme will feature a variety of events and international showcases, both large and small. It can be further enriched with the involvement of participating clubs, which are invited to inform our Organising Office of any artists or exhibitors who may be interested in taking part.

WELCOME MEETING (10 July)

Held just a few hours before the Grand Opening Parade, this welcome event is dedicated to participating team officials and referees. It is also an excellent opportunity to meet colleagues, make new connections and kick off a week of sport, friendship and fun.

QUI TERAMO, ITALIA – GRAND OPENING PARADE (10 July)

QUI TERAMO, ITALIA is the slogan that captures the festive, colourful and vibrant atmosphere of the Interamnia World Cup's Grand Opening Parade, an event with a truly international and cosmopolitan spirit.
The traditional evening parade will take place on Saturday, 10 July, winding its way through Teramo's historic centre and bringing together, in a unique and exciting mix, the athletes taking part in the handball tournament and a variety of Italian and international musical, historical, folk and theatre groups. The beauty and "magic" of the event lie precisely in this coming together, with young people taking centre stage in a great and unforgettable celebration. Whether dressed in the traditional costumes of their country or city, wearing their official team uniforms, or sporting imaginative and original outfits, young people from every corner of the world bring their own distinctive character to the parade, creating a unique display of creativity. The event brings the city of Teramo and its many guests from around the world together in a symbolic embrace. Some of them come from regions affected by tensions and conflict, making the parade an opportunity to send a powerful message of peace and friendship among peoples.

REFEREES 2027 vs COACHES (12 July)

They take part in the tournament but are not players; they are handball experts but no longer active athletes: the referees attending the 2027 edition of the Interamnia World Cup will take on the coaches leading the participating teams. Competitive spirit and fun are guaranteed, once again making the tournament a unique opportunity for the different members of the handball community to meet, interact and share experiences.

STONES AND PEOPLES 2027 – MOUNTAIN EXCURSION (14 July)

As part of an exciting project entitled The Mountain as the Centre of the World, the Organising Committee, in collaboration with Explora International, is once again presenting an initiative that has been successfully held in previous years: Stones and Peoples 2027.
Participating clubs are therefore invited to bring to Teramo a small stone from their local area. The stones will be placed on the highest peak of Italy's Gran Sasso, alongside stones from iconic mountains around the world, as a symbolic expression of unity among the peoples of the Earth.

54 INTERAMNIA WORLD CUP
10-16 JULY 2027•TERAMO•ITALY

MISS & MISTER INTERAMNIA WORLD CUP (14 July)

Who are the most beautiful participants at the Interamnia World Cup? Surely, the young man and young woman who can express their cultural identity with confidence and imagination, giving beauty a meaning that goes far beyond physical appearance.
Beauty is also joy, colour, style and pride in who you are.
It's a Beautiful World is a real fashion show in which athletes are invited to wear the clothes they love most: the outfits that best express who they are and best reflect their culture, their personality and their own way of interpreting... fashion!

LEISURE TIME

"MOST CHARACTERISTIC COSTUME" CONTEST | QUI TERAMO, ITALIA – GRAND OPENING PARADE

To further enhance the ethnic and folkloric character of the traditional Grand Opening Parade and encourage participating teams to contribute to its colourful and diverse atmosphere, the organisers have launched the "Most Characteristic Costume" Contest. All participants are therefore invited to give free rein to their creativity and make their presence truly distinctive by wearing costumes inspired by their country or city, or by highlighting the most characteristic features of our sporting event, which is rooted above all in the values of friendship and fraternity among peoples.
A special panel of judges will select the most deserving group, which will receive a free stay at the 55th Interamnia World Cup for up to 15 people. The contest will only take place if at least 10 groups participate.

EXCURSIONS IN AND AROUND TERAMO AND TO SOME OF ITALY'S MOST BEAUTIFUL DESTINATIONS

During the tournament, Teramo's particularly favourable geographical location makes it possible to reach the coast and a water park in just over half an hour by public transport.
As part of the "Stones and Peoples 2027" initiative, a mountain excursion will also be organised in the heart of the Gran Sasso and Monti della Laga National Park, among the highest peaks of the Apennines.
For participants wishing to make the most of their stay in Italy and visit the art cities of Rome, Florence or Venice after the tournament, excursions will be available at special rates. Interested clubs can request detailed information from the Organising Office.

FACTS AND FIGURES

Sporting and Technical Highlights:

The Interamnia World Cup is also one of the longest-running international tournaments and, over the years, has taken on a leading role in the promotion of sport, and handball in particular, gaining international recognition to such an extent that, in 2002, it was described by the International Handball Federation (IHF) as "the most important youth handball tournament in the world."

Founded in 1973, the event has been held without interruption during the first half of July and, over its 53 years of activity, has established itself as one of the major events on the world stage, offering youth teams the opportunity to begin competing on an international stage and senior teams the opportunity to undertake appropriate athletic preparation for the major championships.

• The Interamnia World Cup has succeeded, year after year, in welcoming to a single location, Teramo, no fewer than 9,494 teams from 118 countries (with an average of 42 countries per year over the last 23 years), representing more than 54% of all the countries in the world and more than 75% of all the countries in which handball is played;

• The Interamnia World Cup has always given priority to the quality of its participants (rather than quantity) and, since 1983, has welcomed:

• coaches, officials and athletes from Under-21 national teams from 54 countries, representing all 5 continents, for a total of 264 teams, 148 boys' and 116 girls' teams (including the men's teams of the Soviet Union and Egypt that were world champions in this category, and the women's teams of the Soviet Union, Romania, Denmark and Russia);

• coaches, officials and athletes from the youth teams of Europe's most prestigious clubs (including 14 winners of European Cups for senior teams, representing 9 countries, and 132 that have taken part in European Cups for senior teams, representing 31 countries);

• distinguished figures from the world of international handball (officials and coaches / former internationally renowned athletes), journalists (from the print media and major television broadcasters) and photojournalists;

• The Interamnia World Cup has also made a valuable contribution:

• to the development of refereeing, having hosted, to date, 3,274 referees from 79 countries across 4 continents;
• to the technical development of countries that are less developed in sporting terms and which, through the Interamnia World Cup, have been able to appear on the intercontinental stage for the first time (to name a few: Afghanistan, Albania, Andorra, Armenia, Bangladesh, Cameroon, Colombia, Congo, Costa Rica, Gabon, Ghana, Djibouti, Greenland, Guinea, Hong Kong, Honduras, India, Ireland, Kenya, Lebanon, Libya, Liechtenstein, Malta, Mongolia, Mozambique, Nepal, Nigeria, New Caledonia, Palestine, Panama, Peru, Dominican Republic, Réunion, Tibet, Uruguay, Zimbabwe and Yemen).

The Interamnia World Cup also has the merit of having encouraged the creation of many other tournaments around the world and of having contributed to the spread of handball internationally, while also strengthening its image and credibility.
